Recreation Commission	As Required	
Sewer Commission	As Required	
Selectmen	2nd & 4th Wednesday	7:30 PM
Supervisors of the Checklist	As Required	
Trustees of Trust Funds	As Required	
Water Commission	3rd Tuesday	7:30 PM

All meetings are held in the Town Offices, except the Library Trustees, who meet in the Library.

**Town of Belmont
New Hampshire
1985 Annual Report**

DEDICATION

Albert "Sonny" Akerstrom, Jr.
1916 - 1985

The Board of Selectmen hereby dedicate the 1985 Annual Report to Albert "Sonny" Akerstrom, Jr. who passed away on August 15, 1985.

Sonny was a long-time active member of the Belmont community, both in the Republican Party and Lions Club. He was a twenty year member of the Belmont Fire Department, attaining Honorary Life Membership in the 1970's. Sonny will be best remembered by the children of the community as "Smokey the Bear", riding on a Belmont Fire Truck during the Old Home Day parades of the late 1970's. Mr. Akerstrom was for many years a very active member of the Old Home Day Committee.

Mr. Akerstrom's community spirit and volunteerism provided an excellent example of how citizens can join together to make their community a better place to live and work.

AUDITOR'S REPORT OF OPINIONS, FINDINGS & RECOMMENDATIONS

Board of Selectmen
Town of Belmont
Belmont, New Hampshire 03220

Members of the Board:

We have examined the financial statements of the Town of Belmont for the year ended December 31, 1984, and have issued our report thereon dated February 22, 1985. As part of our examination, we made a study and evaluation of the system of internal accounting control of the Town of Belmont to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards and the standards for financial and compliance audits contained in the U.S. General Accounting Office's "Standards for Audit of Governmental Organizations, Programs, Activities and Functions." For the purpose of this report, we have classified the significant internal accounting controls in the following categories: financing, receipts, disbursements and financial reporting.

Our study included all of the control categories listed above except that we did not evaluate the accounting controls over financing or financial reporting because, in our opinion, substantive testing in these areas was more efficient than reliance on internal controls. The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the Town's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole or on any of the categories of controls identified above.

The elected and appointed officials of the Town are responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town of Belmont taken as a whole or on any of the categories of controls identified in the first paragraph. However, our study and evaluation disclosed no conditions that we believed to be material weaknesses.

This report is intended solely for the use of Town officials and interested government agencies. This restriction is not intended to limit the distribution of this report or its publication as required by Chapter 71-A:21 of the New Hampshire Revised Statutes Annotated.

Concord, New Hampshire
February 22, 1985

REPORT OF REVENUE ADMINISTRATION

Selectmen/Belmont

Gentlemen:

October 25, 1985

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1985 taxes on the basis of the following figures.

Net Assessed Valuation	\$79,543,950.00
------------------------	-----------------

Taxes Committed to Collector:

Town Property Taxes Assessed	\$3,102,214.00
Precinct Taxes Assessed	
Total Gross Property Taxes	<u>\$3,102,214.00</u>
Less: Est. War Service Tax Credits	<u>23,200.00</u>
Net Property Tax Commitment*	\$3,079,014.00

Tax Rate - Town	39.00
Precinct	

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precincts are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$2,261,090.00
County Tax Assessment	253,513.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$13,765.00.

Very truly yours,
 Everett V. Taylor,
Commissioner

REPORT OF THE BOARD OF SELECTMEN

In 1985 the Town saw the continuation of rapid population growth with building permits issued for 278 housing units, surpassing the 1984 total of 163 housing units. It is anticipated that the Town's population will grow to approximately 6,000 by the end of 1986, placing an increased demand on all Town services.

The reconstruction of Durrell Mountain Road was completed in 1985. The Selectmen and Budget Committee members reviewed the condition of all Town roads last June in an effort to establish a road reconstruction program. This plan will attempt to prioritize which roads will be reconstructed and how to finance these improvements. One of the most common concerns expressed by the citizens of Belmont is the quality of roads in the community. Although the Town has made numerous strides in correcting the problem of deteriorating and overused roads, there still remains a disturbingly large number of roads that are substandard. In 1986, we plan on paving the Sunray Shores area, and begin the engineering of Brown Hill Road.

We are sorry to announce that the legal battle to stop the construction of the Rtes. 3 & 11 By-Pass failed, as the U.S. Supreme Court refused to review the First Circuit Appeals Court decision lifting the temporary injunction.

The Town of Belmont is now a member of the Concord Regional Solid Waste and Resource Recovery Cooperative with 27 member communities of central New Hampshire. The waste generated by the Towns will produce 10 megawatts of power for sale to New Hampshire utilities. This project will provide the Town with a solution to its solid waste problems for the next twenty years. The Town still must provide a disposal site for stumps and debris, and the Hurricane Road site is reaching its capacity. The costly project of developing a new disposal site will be undertaken in 1986.

We are pleased to report that the Town is in good financial condition entering 1986. The expected growth of the community for the remainder of the 80's will prove to be a strain on all Town services. We will do our best to assure the maximum utilization of your tax dollars.

The Board sincerely thanks David Caron, Town Administrator, and all department heads, commissions and committees for their cooperation and assistance this year.

Respectfully submitted,

Ronald Mitchell, *Chairman*

Kenneth V. Ellis

Julia Perkins

CIVIL DEFENSE REPORT

Your Civil Defense Department is happy to report that the town had no major flooding problems this year.

The only emergency that had to be taken care of was the projected hurricane that we were lucky to escape with a minimum of wind damage. I would like to thank the Fire Department, Police Department, Highway Department and the town officials for their cooperation in preparing and obtaining shelter for the evacuation of our townspeople if needed.

We were able to save the town some \$2300.00 through matching funds for the purchase of radios and hope to update more equipment through matching funds this coming year.

The town plan will also be revised this coming year.

Robert A. Harper
Civil Defense Director

BELMONT CONSERVATION COMMISSION

The Conservation Commission working with the Wetlands Board were involved in two cease and desist orders one of which is in the hands of the Attorney General. Also made were fifteen dredge and fill inspections, three subdivision inspections with the planning board, three excavation sites, and three sites for a potential new dump.

With the blessing of the Budget Committee our historic bandstand will receive a fresh coat of paint and minor repairs this year.

The conservation commission will request the road commissioner to consider reducing the amount of salt used on town roads. Salt contaminate our groundwater supply and wetlands recharge areas, such as aquifers, by infiltration. Salt is also partially responsible for the killing of trees, particularly maples, along the highways.

The Dredge and Fill Act instructs the Special Board acting on behalf of the Water Resources Board to regulate certain activities which are conducted in waters and adjacent areas of the State. Your commission will be happy to discuss problems relating to wetlands with town residents.

Wetlands preserve and protect many environmental and social values. They provide recreational opportunities for man, open space, needed habitat for wildlife, and outdoor laboratories for use by our schools. Wetlands such as marshes, bogs, and swamps are often regarded as wastelands. Wetlands have a universal importance that goes far beyond short term benefits engaged by individual landowners when wetlands are disturbed or destroyed.

The Conservation Commission now meets at the Town Hall the third Thursday of the month at 7:30 P.M.

Brian Watterson of South Rd. was recently appointed by the Select-board as a member of the Commission.

FIRE DEPARTMENT REPORT

The Belmont Fire Department responded to a total of 486 calls in 1985 which shows an increase of 81 calls or a 20% increase over 1984.

Breakdown of Calls	1985	1984	
Fire Emergency	122	119	Increase of 3 calls
Medical Calls	220	180	Increase of 40 calls
Mutual Aid Calls	59	35	Increase of 24 calls
Special Service Calls	85	71	Increase of 14 calls
Fire & Building Inspections	326	218	Increase of 108

1985 proved to be a very busy year for the members of the Department. A total of 4865 hours were put in by the members which covers all emergency runs, meetings and training. This was an average of 221 hours per person.

A Firefighter Level I course was set up in 1985 and 11 members of the Department completed the course. Those members are now state certified firefighters. Also, 13 members of the department completed a State refresher EMT course. It was noted at the practical exam that the personnel from Belmont did an outstanding job in all the stages of the practical exam. Also, a radiological course was set up through the Civil Defense Agency from Concord. 13 members of the department completed this course. Also, two more members of the department became emergency medical technicians. Over half of the Belmont Fire Department are new EMTs.

During 1985, we were asked to put on a CPR (Cardiopulmonary Resuscitation) course at the high school. This CPR course was set up by Capt. Siegel, who is a certified CPR instructor for the Red Cross. This is the fourth year this program has been given to the students at the high school. As of this year, 250 students have completed the course.

As stated in the first part of this report, both fire and building inspections have taken a big increase in 1985. With the amount of building going on and the increased growth in the Town, many more hours have to be given for these inspections. Anyone that has travelled the back roads within the Town can see that we are growing at a very fast rate. With an increase of calls at 20% per year, it is time that we have twenty-four hour coverage in the station.

Another area that has to be looked at as soon as possible, is a new fire station. The building that we are in now is just too small. Our rescue van, which has medical and rescue equipment in it, has to stay outside for the winter months, which is bad. This van is used as a backup for the ambulance and if we should have to use the van at 3 AM in morning when it is zero degrees, we cannot give the patient oxygen because the oxygen tanks that are in the van are too cold. This vehicle should be kept inside at room temperature. Our forestry jeep is kept in one of our firefighter's barn in the winter months.

At this time, I would like to thank the citizens of Belmont for their cooperation and support during 1985.

Respectfully submitted,

Albert Akerstrom
Fire Chief

BELMONT FIREFIGHTER RELIEF ASSOCIATION AMBULANCE REPORT

A total of 220 medical emergency calls were made by the Fire Department in 1985 which is an increase of 40 calls over 1984. With the growth increase in Town, our medical calls will be going higher every year.

Out of the 220 medical calls answered by the Fire Department, 195 patients were transported to hospitals in Laconia, Franklin and Concord. The remaining 25 calls did not require that the patient be transported to the hospital.

In 1985, the Firefighters Relief Association received \$1,895.00 in donations.

Donations to date are:

1979-1980	\$1,150.00
1981	\$1,375.00
1982	\$ 895.00
1983	\$1,355.00
1984	\$1,520.00
1985	\$1,895.00

The members of the Belmont Fire Department would like to thank everyone for their support in 1985.

Respectfully submitted,

Albert Akerstrom
Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS - 1985

Winnisquam, New Hampshire 03289

Present Vehicles In Use:

- 1 1968 International 750 gal. Pump - 1000 gal. Tank
- 1 1981 International 1000 gal. Pump - 1000 gal. Tank
- 1 1980 Ford Rescue Vehicle

The Winnisquam Fire Department has responded to a total of two hundred and forty calls in 1985.

As of December 1985, we had twenty-two regular and probationary members enrolled in the Department, eight of which are Emergency Medical Technicians.

Training sessions and drills are held periodically and Fire Schools are attended regularly by members. Regular business meetings are held the first Thursday of each month at 20:00 hrs. Officers meetings are held the second and last Thursday of each month at 19:00 hrs. Special meetings are held as needed.

In the past year, the Winnisquam Fire Department has held Fund raisers, and numerous donations were received. The Department would like to thank all who supported us in the past year. The donations were greatly appreciated!

The Winnisquam Fire Department would also like to give special recognition to our Chief who has given over forty years to the Fire Service, for this we thank Windsor C. Braley—may you have many more years in the Fire Service.

The annual Carole Davis Memorial Christmas Party was held for the children in the Winnisquam area.

Respectfully Submitted,

Charlene McDonald
(Clerk W.F.D.)

REPORT OF THE CODE ENFORCEMENT OFFICER

The year 1985 was a very busy year for your Code Enforcement Officer.

Inspected 24 single family septic system
Inspected 6 apartment buildings
Inspected 26 wells
Reviewed 80 new septic system designs
20 Health complaints
3 Nuisance complaints
3 Junkyard violations
335 Public sewage inspections

Respectfully submitted,

Francis R. Clairmont
Code Enforcement Officer

TRUSTEES OF TRUST FUND REPORT

The Trustees of Trust Funds are charged with managing over 100 trust funds, and disbursing them as directed. This and continued revisions of record keeping in conformance with state law has been our work this year.

The Philips Oakleigh Swain Memorial Scholarship Fund was established in 1985 by the late Dorothy A. Swain. This scholarship is to be administered by a committee comprised of the Town Treasurer, High School Principal and the Treasurer of the Belmont Baptist Church.

This scholarship fund is to be disbursed at least once over five years to a graduating high school senior of Belmont, New Hampshire preferably (but not limited to) one who is preparing for the teaching profession. The funds balance as of December 31, 1985 was approximately \$1,019.00. Additional donations to this fund may be made through the Trustees of Trust Funds.

Sincerely,

Russell H. Cushing
Louis Wuelper
Susan Dupuis
Trustees

BELMONT TOWN WARRANT
The State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF BELMONT IN THE COUNTY OF BELKNAP, IN THE STATE OF NEW HAMPSHIRE QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet for the 1986 annual meeting of the Town of Belmont to be holden in two sessions as follows:

FIRST SESSION

The FIRST SESSION shall be holden at the Roland Kimball Auditorium, Belmont High School, Belmont, New Hampshire on the 11th day of March next, between the hours of 9:00 o'clock in the forenoon and 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. Are you in favor of changing the term of the town treasurer from one year to 3 years, beginning with the term of the town treasurer to be elected at next year's regular town meeting?
3. To vote on the adoption of a Zoning Ordinance as proposed by the Planning Board.

SECOND SESSION

The SECOND SESSION shall be holden at the Roland Kimball Auditorium, Belmont High School, Belmont, New Hampshire on the 15th day of March next at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To see if the Town will vote to raise and appropriate the sum of \$60,000 and to authorize the issuance of notes or bonds in the amount of \$60,000 for the purpose of preparing plans and specifications for the closing of the Town landfill on Hurricane Road, and for the purpose of preparing plans and specifications for the development of a new landfill site, including securing options on necessary lands. (Ballot vote; 2/3 majority needed for passage.)
2. To hear and act upon the reports of committees.
3. To see if the Town will vote to authorize the Selectmen to borrow money pursuant to the Municipal Finance Act in anticipation of the collection of taxes for the current municipal year and to issue in the name of and on the credit of the Town, negotiable notes therefor, and to renew or refund any notes that may be issued for a period shorter than one year from the date of the original loan.
4. To see if the Town will vote to authorize the Selectmen to sell at Public Auction and convey real property acquired by the Town by Tax Collector's Deed.
5. To see if the Town will authorize the Selectmen to apply for, receive and expend Federal and/or State grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money; provided; (1) that such grants and other monies do not require the expenditure of any Town funds, unless previously appropriated; (2) that a Public Hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95B.

6. To see what the Town will do with the income from the John M. Sargent Fund.
7. To see what action the Town will take upon the budget as recommended by the Budget Committee.
8. To see if the Town will vote to appropriate and authorize withdrawals from the Federal Revenue Sharing Fund to use as set-offs against budget appropriations for the purpose and in the amount indicated:

Police Department Operating Expenses \$70,170

9. To see if the Town will vote to establish a Capital Reserve Account for the purpose of reassessing all taxable property in the community, and to raise and appropriate \$40,000 for said purpose.
10. To see if the Town will vote to authorize the Selectmen to assess and collect from the person served, the sum of \$70.00 for each ambulance call in the Town of Belmont, the money so received, to become part of the general funds of the Town, to be used to offset the estimated annual cost of \$35,400.00 to maintain said service.
11. To see if the Town will vote to authorize the Planning Board to develop and adopt regulations for the review of site plans for the development of tracts for nonresidential uses, and for multi-family dwelling units, in accordance with the goals and objectives of R.S.A. 674:44.
12. To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. (Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. Copies of the full text of the proposed guidelines are on file with the Town Clerk.)

13. To see if the Town will vote to authorize the formation of a committee to study the growth of the Town services, said committee to consist of 3 members of the Budget Committee appointed by the Chairman, the Board of Selectmen, one member of the School Board who is a Belmont resident appointed by the School District Moderator, and 3 citizens appointed by the Town Moderator, said committee to hold one or more public hearings, meet with department heads, and present a report at the next annual meeting as to what level of services will be necessary for the next 5 years, and the projected impact on the tax rate. (Recommended by the Board of Selectmen and Budget Committee)
14. To see if the Town will vote to clarify the adoption of Article 18 of the 1985 Annual Meeting Warrant by defining the length of the discontinued portion of Bryant Road, said length being 242 feet.
15. To see if the Town will vote as follows:

“We, the undersigned appeal to the Board of Selectmen to take into consideration the placement of two or three more fire hydrants in Pleasant Valley Mobile Home Park, one on Leisure Lane, one on Sleepy Hollow Lane and one at the corner of Holiday Lane and Whispering Lane.

As you know we have one hydrant which was fine when we only had twenty or so mobile homes, we now have closer to sixty mobile homes in the park and we feel that one hydrant is not enough to take care of that many mobile homes.” (By petition of Phillip C. Learn and others.)
16. To see whether the Town will vote to abandon Old Route 106 in the vicinity of Plummer Hill Road, also known as that portion of Old Route 106 described as follows and illustrated on the attached tax map copy:

That a section of old Route 106 located to the east of Route 106 as relocated and shown on sheet no. 8 of F.A.S. Project Number 521(5) on file at Division 3 New Hampshire Department of Public Works and Highways. The centerline of said section of old Route 106 being opposite Sta. 91 & 60 +/- and running in a northerly direction to the intersection with the southeasterly line of Route 106 as relocated being opposite Station 96 & 30 +/- . (By petition of Howard Warren and others.)

17. To see if the Town will vote to abandon a portion of the Old South Road Right-of-Way, as described as follows:

A certain tract or parcel of land located on the northerly side of South Road and shown as a small triangular piece of land located at the southerly boundary of Lots #4, 5 and 6 on "Subdivision Plan of Quain Development, Inc., Belmont Meadows, South Road, Belmont, N.H." date October, 1985, revised to December 17, 1985, by Harold E. Johnson, Inc., approved by the Belmont Planning Board on January 7, 1986, recorded at Plan Book 124, Pages 3 and 4. Said parcel being shaded in blue, bounded on the north by a stone wall and on the south by the northerly line of South Road being more particularly bounded and described as follows:

Beginning at a point in a stone wall which is located South sixty degrees forty minutes forty seconds East (S 60 40' 40" E) a distance of sixty-one and eight hundredths feet (61.08') from the southeasterly corner of Lot #7 as shown on said plan; thence running in a southeasterly direction along a stone wall located along Lot #6 and continuing along said stone wall to a fifty (50) foot wide right-of-way and continuing across said right-of-way to another stone wall; thence running in a southeasterly direction along said stone wall across Lot #5 and across Lot #4 to the end of the stone wall located on Lot #4, thence continuing in a straight line to a point on the northerly side of South Road; thence turning and running on a course of North thirty-seven degrees two minutes three seconds West (N 37 02' 03" W) along the northerly side of South Road a distance of sixty-three and thirty-five hundredths feet (63.35') to a point which marks the southeasterly corner of Lot #5 as shown on said plan; thence continuing on the southerly side of said road on a course of North thirty-seven degrees two minutes three seconds West (N 37 02' 03" W) a distance of one hundred twenty-five and fifty-six hundredths feet (125.56') to a point; thence continuing across the fifty (50) foot right-of-way in a northwesterly direction to a point on the northerly side of said South Road; thence continuing on a curve with a radius of six hundred ninety-eight and seventy hundredths feet (698.70') a distance of two hundred nine and nineteen hundredths feet (209.19') to a point on the northerly side of South Road; thence continuing on a course of North fifty-nine degrees fifteen minutes four seconds West (N 59 15' 04" W) along the northerly side of said road a distance of thirty-three and eighty-two hundredths feet (33.82') to the point and place of beginning. Containing 19,000 square feet.

18. To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Belmont and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the US Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan. (By petition of Paula Baker and others.)
19. To see if the Town will vote to waive the fee to be charged for a permit to register one motor vehicle owned by any person who was captured and incarcerated for 30 days or more while serving in a qualifying war or armed conflict as defined in RSA 72:28, IV, and who was honorably discharged, provided the person has provided the city or town clerk with satisfactory proof of these circumstances.
20. To see if the Town will ratify the action of the Selectmen to convey the so-called Gebo property on Rte. 140W to Mr. Robert Gebo for payment of taxes, interest and other costs incurred by the Town.
21. To transact any other business which may legally come before said meeting.

Given unto our hands and seals this 24th day of February, in the year of our Lord, nineteen hundred and eighty six.

REPORT OF THE HIGHWAY DEPARTMENT

During 1985, our major projects were as follows:

We widened Perkins Road, hauled in crushed gravel, and had the road paved with funds from our resurfacing budget. Brown Hill has been widened and cleared for approximately 1000 feet, and gravel and crushed gravel were applied to the roadway. We plan to place the final gravel top on this road in 1986.

Bryant Road was widened and cleared, and the Route 106 end of the road was closed, per the direction of the 1985 Town Meeting. Culverts were also installed and a turnaround was completed at the closed end of the road.

Gardner's Grove Road was widened, with ditches made, and gravel applied. The road was then penetrated with oil.

Seavey Road, from Hurricane Road to Wildlife Blvd., was widened and gravel and crushed bank gravel was applied to the road. It is planned that we will asphalt this portion of Seavey Road in 1986.

Approximately 1000 feet of Wareing Road was widened and gravel was applied to the roadway.

I have sincerely appreciated your cooperation in 1985 and hope to again serve you in 1986.

Respectfully submitted,

Romeo Clairmont
Road Agent

REPORT OF THE LIBRARIAN

1985 Circulation

Non-fiction:	
Adult	581
Juvenile	749
Fiction:	
Adult	2294
Juvenile	2536
Magazines	<u>423</u>
Total Circulation	6583

The number of new books purchased was 293. There were five new books given to the library in memory of relatives or friends. Donations of used books was 90, of which 47 were paperbacks.

Books discarded and sold at the annual Old Home Day book sale numbered 149. The remainder were kept on a "For Sale" table in the library where they can be purchased any time the library is open.

One book was lost and one was damaged; both have been paid for.

Books borrowed from other libraries this year totaled 84, and books loaned to out of town libraries from Belmont totaled 11.

The Summer Youth Reading Program was well attended again for the six week period during July & August. There were 25 participants reading a total of 446 books.

New subscribers totaled 141, making a grand total of 1407 patrons.

The copier is still a great convenience to the public as well as our school students, and the library now carries approximately all IRS forms for public use.

Library hours:

Monday & Wednesday	1:00 - 5:00
Tuesday & Thursday	12:30 - 7:30
Saturday A.M.	9:00 - 12:00

Norma Roulx
Librarian

REPORT OF LIBRARY TRUSTEES

Again the trustees are pleased to report that the Belmont Library has had a good year in 1985. One hundred forty one (141) new patrons have been added, bringing the number to 1404 card holders. Although that may sound a lot, there are too many "quiet days" when only two or three folks come in, except for the children.

We have an excellent selection of books and magazines; the librarian keeps abreast of all new books and materials, and we feel we do as well as any other small library in the State.

Our policies have been reviewed and brought up to date; the chief change being seven days sick leave with pay for the librarian, whereas in the past there was none.

Of great service to the public has been the copying machine.

The Old Home Day Association gave the library \$50.00 in memory of Arthur and Stanley Hill. Books were purchased and thus inscribed.

Again we want to commend Norma Roulx, the librarian, on her good work, her choice of books, and her ability to have a well conducted library. It is with great regret that we have to accept her resignation effective in April. She has been with us for two years. Not only has she done her work well, but has done much over and beyond what she needed to do.

Also we want to thank Howard LaDuke for his help in keeping the library and grounds clean and neat, and also always being there when needed.

We do invite all of you to visit the library at any time when open. It certainly is one the Town should be proud of.

Respectfully submitted,

Helen M. Hill
Magnus McLetchie

REPORT OF THE PLANNING BOARD 1985

The rapid development in 1985 keep up the demand for lots for single family homes, as indicated below. Nonresidential and commercial subdivisions were fewer than in previous years. The statistics are as follows:

Subdivision Type	1983	1984	1985
Residential	93	65	69
Commercial/Industrial	1	7	2
Condominium Units	18	10	-0-
Recreational Camping Sites	19	-0-	-0-
Gravel Pits	1	2	-0-

Many of the lots approved will be developed as 2 family or multiple family homes, creating a potential of more than 69 dwelling units.

The Board, with the help of the Zoning Study Committee and many other citizens who provided input, prepared a zoning ordinance to be presented to the voters on March 11. If passed, the Board will have to prepare site plan review regulations to accompany the new ordinance.

For 1986 the Board sees the continued rapid growth of Belmont, primarily in single family homes.

BELMONT POLICE DEPARTMENT
“Service and Protection”

Report of the Belmont Police Dept. 1985: Chief Douglas A. Boyd.

I would like to initiate this report by giving thanks to the citizens of Belmont for their support throughout 1985. The program we instituted in 1984 known as “OPERATION TOWN WATCH”, has proven a great success as people have responded in kind to the program. You have responded with more awareness and assistance to the police and to your neighbors and the community. Again I can only thank you for all your support and assistance, to the success of this program.

I can only reiterate my ongoing concerns that if a community works and cooperates with the police we will accomplish everything we need to much easier, and make it difficult for crimes to go unnoticed within our community.

The police must be, and want to be an integral part of the community working for and with its citizenry, not as a separate entity, directing its efforts in nonproductive activity serving no one's best interest.

In times of reduced budgets, increasing population and increased call for service, police depts. have found it stylish to actively compete for the best people available to work for their agencies. Competing in areas not necessarily attributed to monetary considerations. In view of this consideration we have not experienced any turnover of personnel in the last five (5) years and although there are many reasons for this, some things are apparent. This is directly related to realistic understanding of up to date approaches to problems as they occur. The community itself plays a large role in this procedure by supporting its police department, and being there with suggestions, that don't fall upon deaf ears irregardless of whether the suggestions are negative or positive.

We had a very busy and challenging year in 1985. Everyone that has seen the growth taking place in Belmont throughout 1985 and proposed building and development being considered for 1986 and beyond would agree quickly that this translates to serious demands on police service as it has for this year and will surely be in the immediate future. The change in structure when Michael McCarty was given complete freedom to accomplish investigations by way of the Detective position in 1984 gave way to an extremely busy year for Mike. The activity breakdown for 1985 that Mike dealt with breaks down in this manner.

Mike personally initiated 71 cases and followed up on 72 others this does not reflect the number of offenses generated as a result of investigation, only the number of cases. As a result of investigations he made (13) felony arrests, Twenty (20) misdemeanors arrests, issued Twenty four, (24) warrants for arrest and exceptionally cleared Thirty Five (35) cases. Of course in some cases more than one person was arrested for one case. Mike also recovered Forty Thousand Four Hundred and Sixty Eight (\$40,468) dollars in property. This does not reflect the greatest number of property recovered as a result of other officers activities.

A breakdown of his hours indicates hrs. spent on investigations being 876 hrs. and hrs. spent administratively 645.5 hrs. and hrs. spent in court 102.5 and total time worked 2195 hrs. and 459 hrs. covering patrol shifts. An additional 112 hours were spent either attending or conducting training classes.

Along with the criminal activity are the juvenile cases that were directed to the proper authority, to be disposed of and the following were juvenile cases that were channeled for court disposition.

Burglary	6
Theft	12
Arson	1
Drug off	8
Sex related	4
Motor vehicle	17
Chins:	13
(children in need of services)	

TOTAL: 38

Juvenile arrests or detentions: 61

Hrs. spent on investigations etc. 270

We referred many juvenile cases to the Laconia Youth Services. The only community generating more activity to the youth services is the city of Laconia. The breakdown of referrals is as follows.

YOUTH SERVICES BUREAU
306 Union Avenue
Laconia, New Hampshire 03246
(603) 524-9457

Total	<u>15</u>

Total Court Diversion Referrals (by residency)

Belmont	4
Gilford	13
Laconia	46
Others	<u>17</u>
Total	80

Counseling Referrals by residency

Belmont	3
Gilford	1
Laconia	11
Total	<u>15</u>

Recidivism Rate

1981 - 8/1/85 (6 months from case closed date) 3.87%

1981 - 8/1/1985 (1 year from case closed date) 8.4%

Restitution

Total restitution paid and/or contracted 1/85 - 9/85 - \$1,496.55

Community Work Service

Total work service completed and/or contracted 1/85 - 9/85 - 575 hours.

Some of the other considerations that must be looked upon are the hours spent on the following functions for the year 1985. This is the patrol function.

Property Checks:	939 Hrs.
Misc. Comp. Hours	1669 Hrs.
Patrol Hours	6546 Hrs.
Criminal Complaint Hours	475 Hrs.
Accident Hours Invest.	329 Hrs.
Hours Spent in Court	150 Hrs.

The breakdown of activity by category breaks down in the following manner for 1985.

	1985	Known	Arrests
Forcible Rape		0	0
Robbery		0	0
Aggravated Assault		0	0
Attempted Murder		0	0
Burglary		60	6
Theft		126	32
Auto Theft		16	1
Assault		30	19
Arson		1	3
Forgery		8	1
Bad Checks/Fraud		40	13
Criminal Mischief		82	10
Weapons Violations		5	5
Sex Offenders		6	1
Drug Offenders		3	3
DWI's		23	23
Liq. Law Violations		0	0
Disorderly Conduct		3	3
All Other Offenses		84	47
Motor Vehicle		<u>446</u>	<u>445</u>
TOTALS:		#933	#612

Accidents are another concern that with more activity brings more traffic and problems by way of the highway for us to deal with. Accident statistics in the following categories from 1978 through 1985 appear below and also its important to consider how time consuming they are to investigate with one (1) officer having to accomplish it.

	Fatalities	Personal Injury	Property Damage
1978	4	36	114
* Total: 154			
1979	2	45	94
* Total: 141			
1980	0	24	99
* Total: 123			
1981	1	28	92
* Total: 121			
1982	1	35	100
* Total: 136			
1983	0	36	68
* Total: 104			
1984	0	47	107
* Total: 154			
1985	1	34	155
* Total: 190			

* Increased patrol and selective enforcement have kept the statistics at the levels you see. New Radar, more pressure on DWI Offenders, stiffer penalties for various motor vehicle offenses. Even with the more increased patrol the calls for service take away time needed to effectively patrol the highways, and deter accidents, Drunken Drivers, etc. The increase in population, with more younger drivers, all contribute to an increase in accidents for 1985.

Our calls for service based on reported calls for service from the year 1981 to and through 1985 appear below.

1981	1982	1983	1984	1985
#2632	#2802	#2564	#2679	#3300

We had another year of minimal sick leave although higher than most years with a total of seventeen (17) days of total dept. sick leave for 1985.

This report is submitted for the peoples information to assist you in determining the needs for future requests from the police dept., and what is taking place in your community.

Respectfully submitted

Douglas A. Boyd
Chief of Police

REPORT OF THE WATER DEPARTMENT

The current members of the Water Commission are Charles McEnnis, Chairman, Lawrence Clairmont, Robert Lacroix and Ronald Cormier.

This year, we will have to put in a backflow system at the town line of Laconia and Belmont on Route 3 at the cost of \$30,000.00 to \$37,000.00.

The village district added twenty-two (22) new accounts.

Respectfully submitted,

Francis R. Clairmont
Water Superintendent

**REPORT OF TOWN OF BELMONT SEWER COMMISSION
and
WINNIPESAUKEE RIVER BASIN ADVISORY BOARD**

For the Belmont Sewer Commission, this has been a busy year with the directing and overseeing of the many house connections in the village area. It should be noted that there is only a handful of structures that are not tied into the system yet, and most of these were given extensions due to immediate future plans of changes in their services. Even with these extensions, these dwellings are still paying their sewer bills as if they were hooked to the system.

Perhaps the most dramatic happening during this past year has been the continuous stream of developers and potential developers requesting information and approvals of their designs for the connection to the sewer system. We have seen and, regretfully, have had to approve a number of multi-family house connections to the sewer in the rural areas of Belmont, and we expect this trend to continue until some growth controls are installed on a town level.

As your board member to the Winnepesaukee River Basin Advisory Board, I am happy to report that we have had little to no activity this past year, which is a clear indication that things are progressing under a normal state of operation, with no major developments requiring Board action.

Respectfully submitted,

Richard A. Fournier
Chairman, Belmont Sewer Commission

BELMONT RECREATION COMMISSION

During 1985 many activities were provided for the residents of Belmont. Skating was enjoyed during the winter months at Murray Park with repairs and improvements to the rink this fall. The Summer Program was again a huge success (two more assistants were needed) to maintain safety within the program. Intermural Basketball was available for grammar school children this fall and was a great success. With our limited budget we intend to provide the best possible safe activities we can for everyone.

Painting, mowing, repairs and general maintenance was provided at all parks throughout the year. Improvements to the tennis court are needed in 1986 including the replacement of nets and minor asphalt repair. Additional repairs will also be needed at Murray Park to the ice rink.

The commission will continue its work in all areas of recreation for Belmont in 1986.

Respectfully submitted,

Recreation Commission
